NEW DELHI-2 (INDIA) ;

The 20th October 1952

K. MITRA,

for Registrar General, India.

NATIONAL SAVINGS CERTIFICATES

Available in three different series, maturing after 5, 7 and 12 years. The yield is 3%, 3.57% and 4.16% simple interest, respectively, at maturity. Thus, in the 12 year-certificates money increases by 50% on maturity. Interest is free of income-tax and super-tax and is not taken into account in arriving at the total taxable income.

The certificates are obtainable from Post Offices doing Savings Bank business in denominations of Rs. 5, 10, 50, 100, 500, 1,000 and 5,000. An individual can invest upto Rs. 25,000, and two joint holders upto Rs. 50,000/-.

Full particulars obtainable from Post Offices, District Organisers of the Small Savings Scheme, Assistant National Savings Officers, Provincial National Savings Officers, or the National Savings Commissioners, Simla.

Deposits accepted in multiples of Rs. 100/- upto a maximum of Rs. 25,000 for a single depositor and Rs. 50,000 for two persons jointly. Interest at 3½% per annum (free of all taxes and not taken into account in assessing the total taxable income) is paid or remitted to the depositor's address every year. Deposits accepted at offices of the Reserve Bank of India at Bombay Calcutta, Delhi & Madras, and Branches of The Imperial Bank of India in other places transacting treasury business.

Full particulars obtainable from District Organisers of the Small Savings Scheme, Assistant National Savings Officers, Provincial National Savings Officers, or the National Savings Commissioner, Simla.

3½%

TEN-YEAR TREASURY SAVINGS DEPOSITS

TODAY'S BEST INVESTMENT FOR SMALL SAVERS

Births and deaths from principal diseases in towns with a population of over 30,000 in India for the week ending the 27th September, 1952.

REMARKS

The figures of births and deaths shown in this statement for week ending the 27th September, 1952, relate to 158 towns with an estimated population of 22,018 thousands. The total number of towns is 281 and their population is 34,764 thousands. Thus 56% of the total number of towns representing 63% of the total population is covered in this statement. The numbers of births and deaths recorded in these towns were 15,339 and 7,365 representing birth and death rates of 36.3 and 17.4 per thousand of population respectively.

(A) States (Parts A & C).—The data here relate to 131 towns with an estimated population of 18,421 thousands. Information about Bihar, West Bengal, Orissa and Punjab could not be included. The total number of towns is 235 and their population is 29,570 thousands. Thus 56% of the total number of towns representing 62% of the total population is covered. The numbers of births and deaths recorded

in these towns were 13,228 and 6,480 representing birth and death rates of 37.3 and 18.3 per thousand of population respectively.

No town recorded a high death rate of 50 or over per thousand of population.

(B) States (Part B).—The data here relate to 27 towns with an estimated population of 3,597 thousands. The total number of towns is 46 and their population is 5,194 thousands. Thus 59% of the total number of towns representing 69% of the total population is covered. The numbers of births and deaths recorded in these towns were 2,111 and 885 representing birth and death rates of 30.5 and 12.8 per thousand of population respectively.

No town recorded a high death rate of 50 or over per thousand of population.
